Technical obstacles

- **Hybrid system.** Mobility Online and In-house system. Third-party provider who makes all technical adjustments to exchange data through EWP.
 - **Two systems** to maintain, increasing the cost of integration.
 - **EWP/System updates**, risk of malfunction and constant adaptation to changes
- Economic and human resources
- Institutional commitment

Organizational and Administrative Obstacles

DLA Management

- **Process redesign:** global change, collaboration, benefits
- **Staff training and capacity**
- **Complexity:** large and decentralized university
- **Decentralization:** priorities

- Relevance of institutional commitment in the implementation of EWP
- Need for coordination and alignment among all institutions
- Need for stability

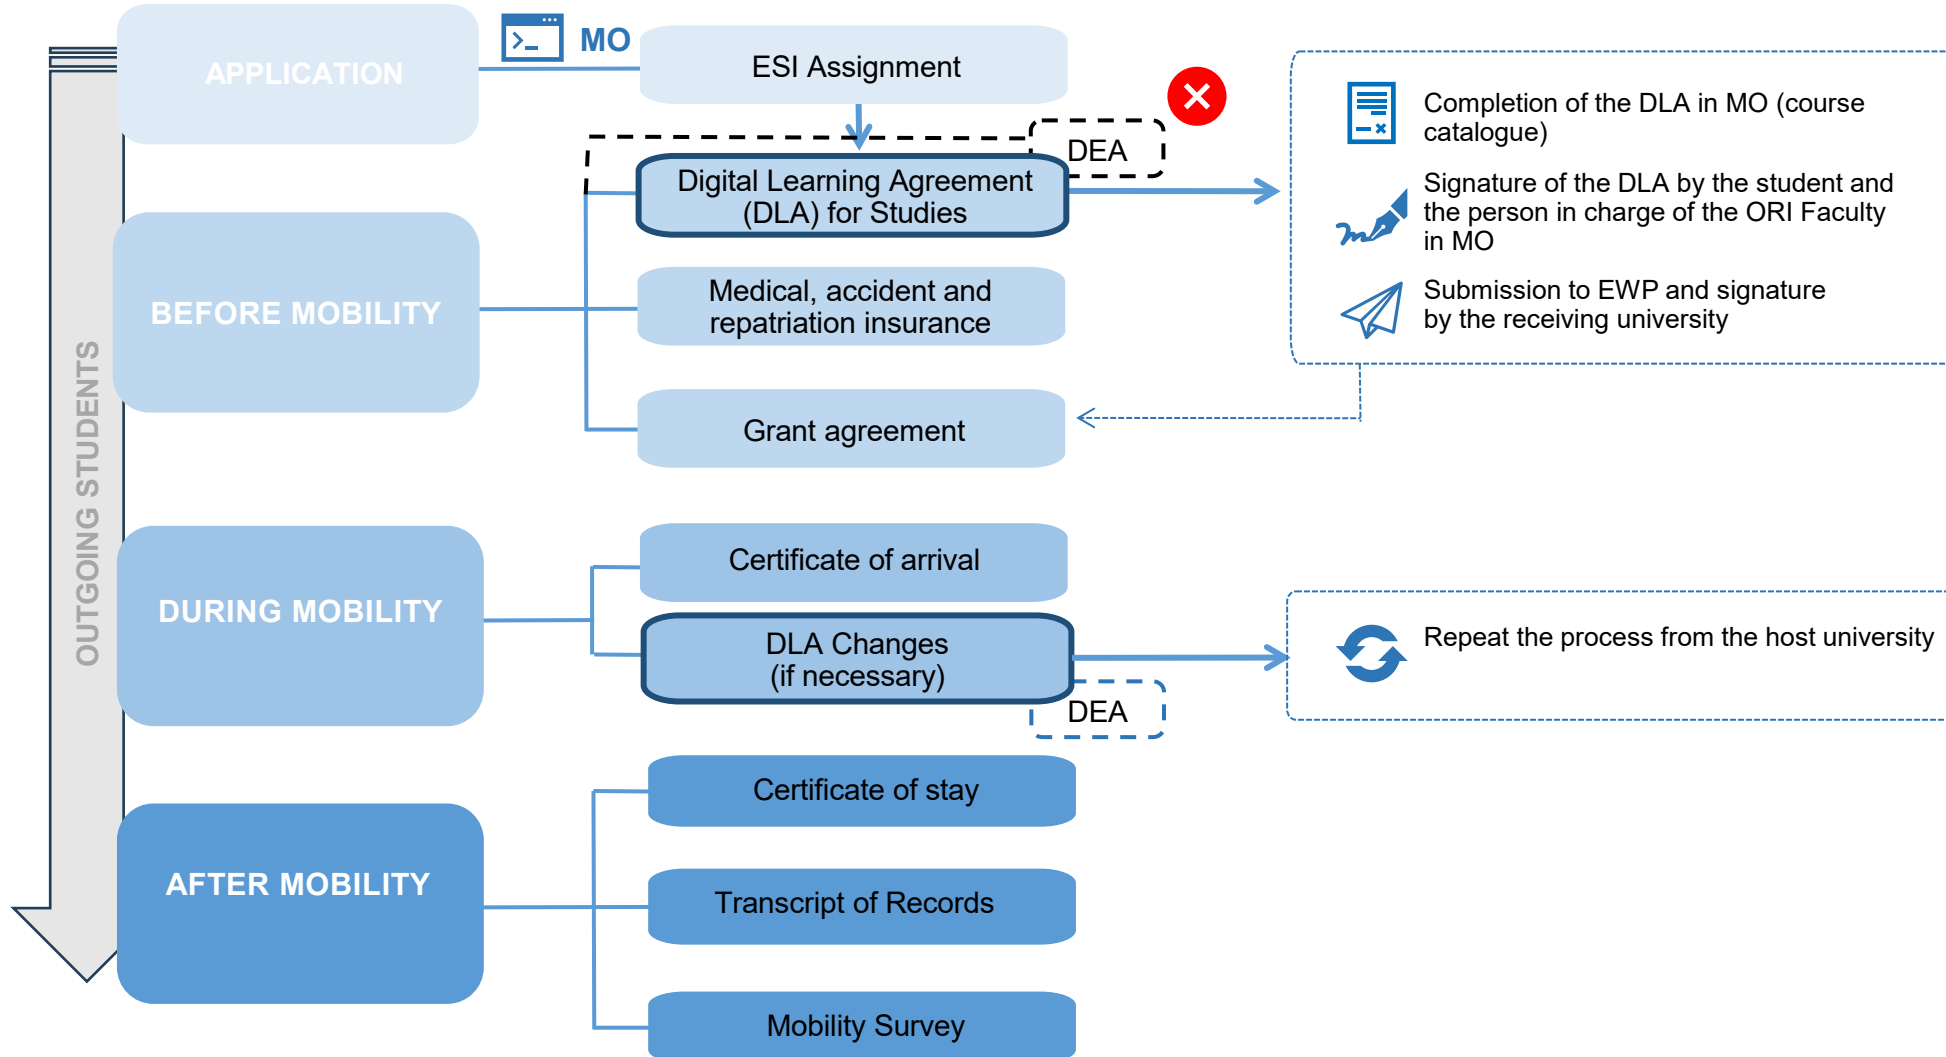

Thanks!

UNIVERSITAT_{DE}
BARCELONA

DLA Management

Benefits

-  Simplification, step reduction
-  Reduction of time spent on tasks
-  Traceability
-  Reduced travel
