El Programa Europeo de Educación, Formación, Juventud y Deporte
2014 - 2020

Erasmus+ es el programa europeo en los ámbitos de la educación, la formación, la juventud y el deporte para el periodo 2014-2020.

Erasmus+ es el programa único que trata de impulsar las perspectivas laborales y el desarrollo personal, además de ayudar a nuestros sistemas de educación, formación y juventud a proporcionar una enseñanza y un aprendizaje que doten a las personas de las capacidades necesarias para el mercado laboral y la sociedad actual y futura.

En España son dos las organizaciones designadas como agencias nacionales para la gestión coordinada del programa Erasmus+: el **Servicio Español para la internacionalización de la Educación (SEPIE)**, para el ámbito de la *educación y la formación*; y la Agencia Nacional Española (ANE), integrada al **Instituto de la Juventud (INJUVE)** para el ámbito *juventud*. Las acciones de Erasmus+ Deporte están gestionadas directamente por la Comisión Europea a través de su Agencia Ejecutiva en el ámbito Educativo, Audiovisual y Cultural (EACEA).

VET in Spain – EDUCATIONAL SYSTEM

VET Validation in Spain

The Ministry of Education, Culture and Sport designs national qualifications (VET diplomas), defines learning outcomes, modules and assessment criteria. It is also the body responsible for the assignment of credits and the official validation and recognition of foreign qualifications.

Modules of Higher Vocational Education and Training Programmes (i.e. ISCED 5B) have ECTS assigned since they are post secondary non-tertiary education.

The new Basic VET and the Intermediate Vocational Education and Training Programmes (i.e. ISCED 3B) are also unit-based (modular). The units of learning outcomes may be accumulated and transferred, but they do not have credit points attached.

VET validation in Spain (Regional level)

Galicia, Catalonia and the Basque Country regions have competencies for resolving the approval and recognition of foreign non-university studies regarding applicants from their regions (<http://www.mecd.gob.es/educacion-mecd/areas-educacion/sistema-educativo/gestion-titulos/estudios-no-universitarios/titulos-obtenidos-fuera-de-espana/convalidacion-no-univ/organos-competentes.html>).

Moreover, Autonomous Regions have capability for adding up to 45% of the curriculum of VET degrees.
